# History of Western Culture

In this class we will look at why the Western World is the way that it is:

- What factors influenced its development?
- What events shaped it?
- We will think about: language, culture, religion, political & economic systems
- We will cover: the pre-Christian era to the present day

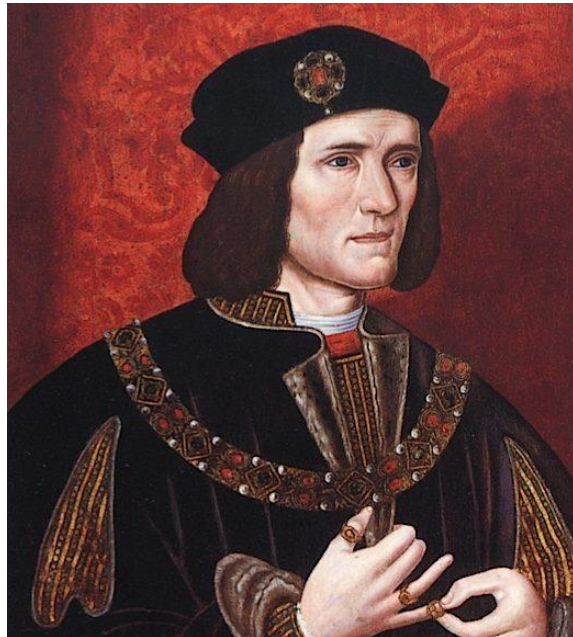

# History of Western Culture

You will learn:

- Advanced vocabulary related to history, culture, religion etc. etc.
- How to read historical sources (academic writing about history, as well as historical texts)
- How to write in academic English to express your opinions and defend your ideas

# History of Western Culture

You should take this class if:

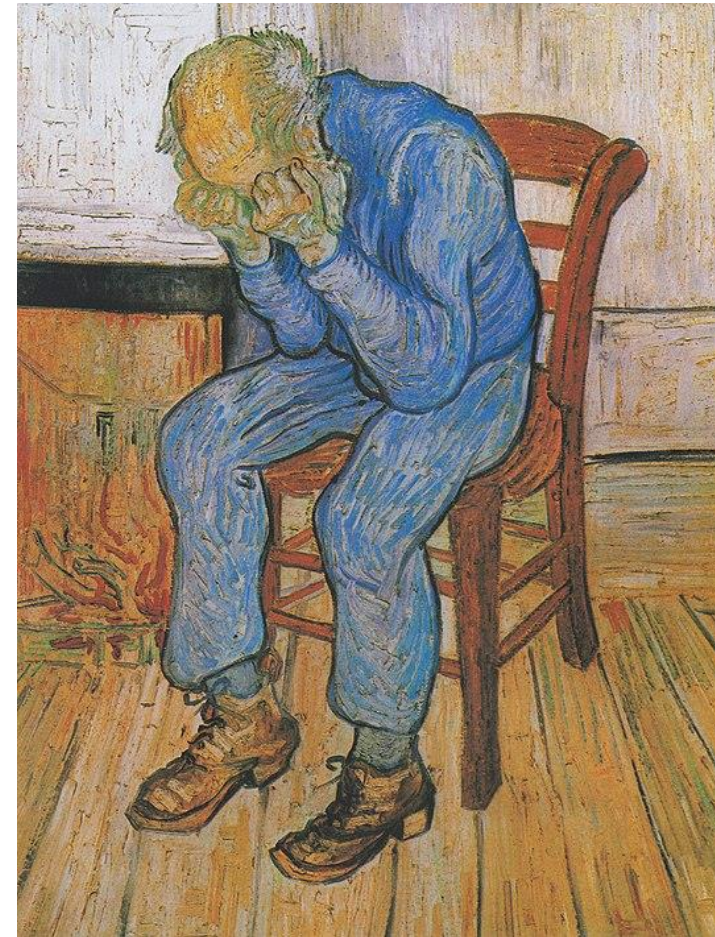

- You feel like most classes are too easy for you, or you want to challenge yourself
- You are interested in history and culture
- You don't mind listening to a cynical man with a boring voice talk for a long time

# History of Western Culture

If you didn't understand this presentation, this course will be too hard for you....

# History of Western Culture

Otherwise, I look forward to teaching you!
